Key ingredients

Beta-Carotene: Antioxidant protects against free radicals, essential to maintain healthy skin. Gives the serum its orange colour.

Peptides: May reduce the appearance of fine lines and wrinkles by helping to speed up the process of collagen production.

Vitamins E and C: Antioxidants fight free radical damage.

Vitamin A: Skin regenerating properties that help to diminish fine lines and wrinkles.

Collagen: Functions as an effective water-binding agent; helps restore skin's moisture balance.

Jojoba, Wheat and Evening Primrose Oils: Essential oils that nurture and condition the skin, restoring softness and suppleness.
